DOCKLEVELLER SUPPLIES CC

DOCK-RITE

Electro Airbag Dockleveller

THE NEW AIRBAG DOCKLEVELLER

Is packed with features :

A Low Pressure AIR Bag lifts the Dockleveller and does NOT require maintenance.

The Lip Mechanism:

When the lip is hit by a reversing Truck it will Drop to its down / rest position to protect itself from Damage

For extra protection visit our website to see our new patented crash resistant lip mechanism in action.

www.dockleveller.co.za

The Blower is a compact unit using 230 volt electricity.

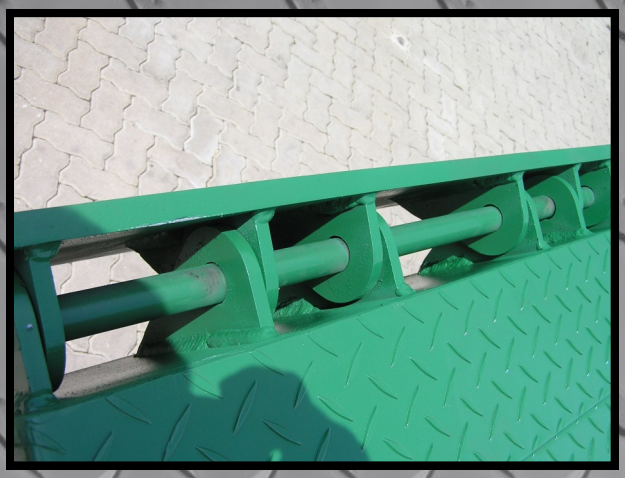
It is located under the airbag trolley out of harms way.

Safety Legs are a STANDARD feature and avoid the unit resting on the LIP in the rest position. This is a real safety Benefit.

All parts are made in South Africa or Locally Sourced. Spares are available and economical.

Galvanized docklevellers are also hugely popular in coastal environments and or the cold storage industry.

DOCK-RITE



The New easy clean lip hinge is both stronger and less likely to seize up due to a build up of dirt which will simply pass through the hinge.

The Toe Guards are of one piece construction / they slide away inside the unit for maximum protection.

Warranty:

The airbag is guaranteed for FIVE YEARS.

The Deck / Lip and structure carry a warranty for TWO years.

****** All other components carry a one year Warranty. ******

These guarantees are subject to Terms and Conditions.

DOCKLEVELLER SUPPLIES operates a programme of continuous improvement and product development.

For this reason specifications are likely to change from time to time and you should enquire about additional features that we may provide.

Manufactured by DOCKLEVELLER SUPPLIES C.C. and supplied throughout South Africa by BRANCHES or DISTRIBUTORS in JOHANNESBURG, CAPE TOWN and PORT ELIZABETH
